CHRISTIAN MEDICAL COLLEGE, LUDHIANA, PUNJAB

According to the Constitution of the Christian Medical College Ludhiana Society (Regd.), the Christian Medical College, Ludhiana is an educational and research institution of all India character established and run by the minority Christian Community. Its primary aim is to educate and train Christian men and women as health professionals, in the spirit of Jesus Christ for the healing ministry of the Church in India. However, like many other Christian educational institutions, this college also offers its educational facilities to young men and women professing other faiths also.

Through education in this College, the Christian Church seeks to make a significant contribution to the health standards of all communities of our Nation with special emphasis on health care in the rural areas. Medical Missionary work was started in Ludhiana in the year 1881 by the Greenfield sisters - Miss Martha Rose and Miss Kay Greenfield. This pioneering medical work by the Greenfield sisters was the precursor of the Medical Training and Health care Service Program of the present Christian Medical College, Ludhiana. Dr. Edith Mary Brown joined them in 1893.

In 1894, the North India School of Medicine for Christian Women was started by Dr. Edith Mary Brown and her colleagues with the objective of training Indian nationals, particularly the women to serve in the field of Medical Education and Health Care Services, emphasizing integration of training and health care services.

Nursing training was started in 1889 by the Greenfield Sisters. The School became well – known for the nursing care it provided and for its services to needy patients, particularly after 1894 when the School of medicine for Christian Women was started.

The General Nursing Program began in 1941. In 1953 the MBBS course started in Christian Medical College, Ludhiana, admitting both men and women students, and the nursing Program was upgraded accordingly. The School of Nursing was upgraded to College of Nursing in 1973 with 18 students admitted to the B.Sc. Nursing course. The first batch of B.Sc. Nursing students graduated in April 1977.

Since the Nursing standard is maintained at a high level, the results of examination have always been excellent. In response to changing society, the nursing practice has changed from mere apprenticeship to a professional education to foster nursing as a professional career attractive and desirable to young people on an equal basis with any other career.

The College of Nursing degree Program is affiliated with Baba Farid University of Health Sciences, Kotkapura Road, Faridkot-151 203 (Pb). The registration is done by Punjab Nurses Registration Council. This Program is recognized by Indian Nursing Council

The College of Nursing is situated in a large campus on the Brown Road, not far from the Ludhiana Railway Station. The Campus has residential quarters for the staff and hostels for Nursing Students.

The Management of the affairs of the Christian Medical College is vested in a Governing Body which consists of: Nine Term Governors, elected by the Governing Body, three General Co-opted members from among local citizens and representatives of the Member Bodies (Co-operating)- Christian Bodies & Associated Christian Bodies).
